

Use of Capillary Discharge Non Thermal Plasma for Sterilization of Material, Phase II

Completed Technology Project (2002 - 2004)

Primary U.S. Work Locations and Key Partners

| Organizations Performing Work | Role | Type | Location |
|-----------------------------------|-------------------------|-------------|----------------------|
| ★ Jet Propulsion Laboratory (JPL) | Lead Organization | NASA Center | Pasadena, California |
| PlasmaSol LLC | Supporting Organization | Industry | Hoboken, New Jersey |

Organizational Responsibility

Responsible Mission Directorate:

Space Technology Mission Directorate (STMD)

Lead Center / Facility:

Jet Propulsion Laboratory (JPL)

Responsible Program:

Small Business Innovation Research/Small Business Tech Transfer

Use of Capillary Discharge Non Thermal Plasma for Sterilization of Material, Phase II

Completed Technology Project (2002 - 2004)

Project Management

Program Director:

Jason L Kessler

Program Manager:

Carlos Torrez

Technology Areas

Primary:

- TX14 Thermal Management Systems
 - └ TX14.2 Thermal Control Components and Systems
 - └ TX14.2.8 Measurement and Control
